## Who We Are

Churchview Farm is a small sustainable family farmette in the South Hills of Pittsburgh. The Farm is a teaching and learning space where we grow (non certified) organic food for our CSA workshares and volunteers, local chefs and restaurants, and on-Farm educational and culinary events. CVF owner/operator Tara Rockacy and team come together to create an unforgettable dining experience for our guests on the farm.

We provide a variety of options for those wishing to book a private event with us. A brief overview of those options can be found on the following page. If interested, please let us know and we will provide a formal price sheet and begin the booking process. We hope you'll join us in celebration at CVF!
